EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott Sudderth on June 21, 2007.

The application has been amended as follows:

In the Claims

Claim 1, line 9: the term "scale-like" has been deleted.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:.

Independent claim 1 is directed to a process for making a linoleum sheet material comprising: (!) coating a linoleum sheet with at least one type of linoleum particles and (2) pressing the linoleum particles into the rolled linoleum sheet such that the linoleum particles are not distorted.

The closest prior art, Bedford et al. (US 592,186), disclose a method of producing inlaid colored designs upon linoleum surfaces using coloring matter which is deposited on the surface of the linoleum and pressure is applied using rollers to cause the coloring material to penetrate the surface and wherein the coloring material comprises burnt umber, flake white and ultramarine.

Art Unit: 1773

Hence, Bedford fails to disclose or render obvious a process for making a linoleum sheet material comprising coating a linoleum sheet with linoleum particles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
